

alleyCat Yoga Scholarship Application

We wish to make our yoga classes accessible to all students. A fund has been established through the generous donations of other students which enables us to offer scholarships for up to ½ of the cost of the pass tuition. *Scholarships can only be provided when funds are available.*

Scholarships are granted to those individuals who have a genuine interest in practicing yoga and are not currently able to pay the entire cost of participation.

When considering your ability to pay, please reflect upon the concept of discretionary funds. If you have money to purchase a take-out coffee every day, to attend a movie or go out for dinner once a week, or to attend any other weekly “entertainment” activity, then funds really *are* available for yoga classes. Ability to pay for yoga is then a question of priority, not of need. However, if you truly *need* the funds, then please continue to complete this application form.

All information on this application will be held confidential.
